Attorney Docket No. 2421-000037/US	:	
	:	

This is a decision on the petition filed under 37 C.F.R. § 1.48 (a) on January 3, 2007 to correct inventorship.

The petition is GRANTED.

37 C.F.R. § 1.48 Correction of inventorship in a patent application, other than a reissue application, pursuant to 35 U.S.C. 116.

§ 1.48 Correction of inventorship in a patent application, other than a reissue application, pursuant to 35 U.S.C. 116.

(a) Nonprovisional application after oath /declaration filed . If the inventive entity is set forth in error in an executed § 1.63 oath or declaration in a nonprovisional application, and such error arose without any deceptive intention on the part of the person named as an inventor in error or on the part of the person who through error was not named as an inventor, the inventorship of the nonprovisional application may be amended to name only the actual inventor or inventors. If the nonprovisional application is involved in an interference, the amendment must comply with the requirements of this section and must be accompanied by a motion under § 1.634. Amendment of the inventorship requires:

- (1) A request to correct the inventorship that sets forth the desired inventorship change;
- (2) A statement from each person being added as an inventor and from each person being deleted as an inventor that the error in inventorship occurred without deceptive intention on his or her part;
- (3) An oath or declaration by the actual inventor or inventors as required by § 1.63 or as permitted by §§ 1.42, 1.43 or § 1.47;
- (4) The processing fee set forth in § 1.17(i); and
- (5) If an assignment has been executed by any of the original named inventors, the written consent of the assignee (see § 3.73(b) of this chapter).

Petitioner has complied with all the above requirements by submitting the required documents in conjunction with the processing fee to correct inventorship.

The inventorship will be corrected by adding inventors: Sug-Woo Jung and Sun-Pil Youn

The application file will be forwarded to the Technical Support staff for Technology Center 2800 for entry of the correction of inventorship.

Inquiries regarding this decision should be directed to Michael Lebentritt at (571) 272-1873.
